

Eight Men vs. Three Hundred.
In 1891 a young electrician, now in Paris, on looking through Carnegie's great steel plant at Braddock, Pa., casually suggested that electricity could be made to operate the widely separated pieces of machinery at a saving of many thousands a year. Last week Andrew Carnegie visited the plant for the first time in two years and saw electricity doing the work. This improvement, together with others, makes it possible for eight men to do the work 300 did in 1891.—*Electrical Review.*

OATS sometimes escape from cultivation and grow from year to year so persistently as to seem wild. They have been found thus in regions as widely separated as Algeria and Japan, the Pyrenees and North China, the Hebrides and the Desert of Mt. Sinai.

Shard Falls as it Flies.
Says the bard, The difficulty is that the folly of some folks don't fly, it sticks. We cite, as a forcible illustration, the folly of people who keep on dosing themselves with objectionable drugs for disorders of the stomach, liver and bowels, easily and pleasantly curable with Hostetter's Stomach Bitters, which not only remedies them, but also restores vigor and strength, and banishes malaria, rheumatism and nervousness.

The man who meets with success is he who is blind to all impending obstacles.

Dr. Kline's Swamp Root cures all kidney and bladder troubles. Pamphlet and Consultation Free. Laboratory Birmingham, N. Y.

The worry over crossing the bridge before we get to it is generally worse than going over.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from one to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials free. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc.

First-class Men and Women in Demand.
There are always good openings for live, energetic men in advertising and general office work. We have a number of positions open in our line of business, to devote all or part of their time to the work. That is what B. F. Johnson, of the Johnson & Johnson Co., Richmond, Va., says in reference to their advertisement.

Mrs. Winslow's Soothing Syrup for children teething, softens the gums, reduces inflammation, allays pain, cures wind colic. 25¢ a bottle.

Fair's Clover Root, the great blood purifier, gives freshness and clearness to the complexion and cures constipation, 25¢ a bottle.

I can recommend Piso's Care for Consumption to sufferers from Asthma, D. T. Townsend, Ft. Howard, Wis., May 1, '94.

MY WIFE'S NERVES
Are weak and she suffers terribly from nervousness, headache and loss of sleep. Such is the testimony of many a man. The poor, tired woman is suffering from impure and impoverished blood. Her food does not digest. She is living on her nerves, her strength is gone. Her nerves and muscles **NEED STRENGTHENING**
By the use of Hood's Sarsaparilla, which makes pure, rich blood, from an impure one, and gives tone to all the organs of the body. It is not what we say, it is what Hood's Pills do. "My wife began taking Sarsaparilla about three months ago, when in poor health for 15 years, doing her good. Her appetite is better and she has been in every way." J. W. Rosenfield, Tennessee.

Hood's Sarsaparilla
Be Sure to get Hood's Cures
Hood's Pills are the best after-dinner Pills, assist digestion, prevent constipation.

Treat Your Stomach Well!
The driving wheel of the enjoyable machinery. Good food is what the stomach needs. The sugar in nothing amounted to about 2,000.

Hers
BUCKWHEAT CAKES.

WORLD'S FAIR HIGHEST AWARD!
IMPERIAL GRANUM

TREAT MEDICAL FOOD
Acquired the reputation of being the **Salvator for the Aged.**

AN INCOMPARABLE ALIMENT FOR THE GROWTH AND PROTECTION OF INFANTS AND CHILDREN
A superior nutritive in continued Fevers. And a reliable remedial agent in all gastric and enteric diseases; often in instances of consultation over patients whose digestive organs were reduced to such a low and sensitive condition that the **IMPERIAL GRANUM** was the only nourishment the stomach would tolerate when LIFE seemed depending on its retention; And as a FOOD it would be difficult to conceive of anything more palatable. Sold by DRUGGISTS, Shipping Depot, JOHN CARLE & SONS, New York.

THE CONGRESS.

THE NATIONS' LAW-MAKERS RESUME OPERATIONS.

The Proceedings of Both Houses Briefly Epitomized.

THE SENATE.

Senator Bate, chairman of the board of visitors to West Point Military academy, presented the report of the board to the senate Thursday. The report takes a strong ground in favor of the change of the law which will increase the number of cadets to 450, or one cadet to each senator and representative, and twenty for the president, instead of the present number, which is about 250. It is admitted that this increase would probably result in a larger number of graduates than could find officers' places in the army, but it is suggested that the additional cost would be very slight, the country could well afford to increase the number for the benefit to be derived in a purely educational way. Discussing the wisdom of the change the board says that a part of the number graduated every year could be retired to private life, remaining, however, subject to the command of the country. The board suggests that these West Point cadets would make excellent military officers. While the board has nothing but praises for the theoretical instruction in the academy in most respects, it finds fault with the halting English, the lack of facility of expression on the part of many cadets, which is "painfully apparent." Mr. Cochran's motion to recommit the urgent deficiency bill, with instructions to strike out the appropriation for the income tax, was defeated—yeas, 49; nays, 168.

The senate was not in session Saturday.

THE HOUSE.

Everything was quiet about the senate Thursday, and but little interest seemed to be taken in the proceedings either by the senators or by the spectators. Mr. Huntton, of Virginia, moved to take up the bill for the establishment of a University of the United States at Washington, D. C. Mr. Hale, of Maine, objected to the consideration of the bill at this time, but suggested that it be referred to the calendar under a rule of the senate where it could be debated in some way.

The second week of the present session of congress closed with the session of the house Friday. In that time there have been passed three general appropriations for the year ending June 30th, 1896, carrying a total of \$143,718,204, nearly one-half of the annual expenditures of the government, aside from the permanent appropriations. Besides these, an urgent deficiency bill for the current year has been passed, carrying a total of \$2,006,595, making a grand total of \$145,724,799, appropriated thus far at this session. The pension appropriation bill was discussed for four hours during the day and then passed without amendment. Chairman Outwater reported the army appropriation bill for the year ending June 30th, 1896, and it was placed on the calendar. The resolution introduced by Mr. Hitt asking the secretary of state for the correspondence relating to the promise of this government to pay Great Britain \$225,000 on account of claims made by Canadian sealers growing out of the Behring sea seal controversy, was favorably reported from the committee on foreign affairs and passed. The house then took a recess until 8 o'clock, private pension bills to be considered at the evening session. The attendance was slender throughout the day, and scarcely more than a corporal's guard answered at roll call at the opening of the session.

No session of the house was held Saturday. The Carlisle currency bill landed in the house Monday, and, to the surprise of its advocates, finds itself facing a storm of opposition, which may cause it an end other ships of the financial or currency ilk to go down beneath the waves of diversified and diverging interests, which have already developed among the members of the house, and in the lobbies there was much skirmishing, accompanied by dire threats during the session.

BOWEN WAS KILLED.

Fatal Termination of a Prize Fight in New Orleans.
A New Orleans special says: Andy Bowen, the lightweight pugilist, who was knocked unconscious Friday night at the Auditorium Club in a glove contest with Kid Lavigne, of Saginaw, Mich., in the eighth round, never regained consciousness and died at 7:15 o'clock Saturday morning. Lavigne and his seconds and time-keeper, consisting of pugilist Jim Hall, Sam Fitzpatrick, Martin Murphy and George Considine, and also referee John Duffy, were at once placed under arrest, and are now in custody.

THE DEADLY BLOW.

In the eighteenth round Lavigne rushed and landed hard on the wind and neck three or four times. Bowen swung wildly and Lavigne sent his knive as a rag and Bowen fell as with the crowd.

Bowen was picked up and carried to his corner. He was dead to the world for several minutes. He struck his head on the floor in falling. After being taken to his corner he remained unconscious and the crowd which pushed around the ring became frightened. He was removed to his room and physicians partially restored him to consciousness. Bowen was fatally hurt, however, and died Saturday morning.

Lavigne was at once arraigned in court. He was held in \$10,000 bail. All the accessories—Duffy, Considine, Murphy, Jim Hall, Fitzpatrick and Layton—were held in \$5,000 bail. Professor Duffy gave bail and Hall and Fitzpatrick were released.

Miss Sherman Married.

The wedding of Miss Mary Stewart Sherman, the only daughter of the former senator from Ohio, and James Ivers McCullum, was solemnized at Washington Thursday.

FINAL HEARINGS

OF THE HOUSE BANKING AND CURRENCY COMMITTEE.

Great Interest Manifested in Currency Discussions.

A Washington special says: Great interest was manifested Saturday in the closing hearing of the currency revision before the committee on banking and currency of the house. Secretary Carlisle was present at the opening of the session. The bankers to be heard represented two widely divergent views, President G. G. Williams, of the Chemical National Bank of New York, representing the prevailing view among bankers, while President W. P. St. John, of the Mercantile Bank of New York, representing the eastern view favorable to silver. The presence of Mr. St. John had drawn Senator Teller to the hearing, anxious to hear the views of an eastern man.

Chairman Springer read a letter from President Poul, of the York National bank of York, Neb., endorsing the Carlisle plan. Representative Johnson, (rep.), of Indiana, asked why this letter was chosen to be read when many letters giving different views were received. It was explained that this was the only letter from a national bank endorsing the Carlisle plan. There was some sparring over the latter and Mr. Springer withdrew it.

Largest Deposits in This Country.

There was added interest to the statement of Mr. Williams, who opened the hearing from the fact that the bank of which he is president has the largest deposits in the United States, if not the world.

"The situation is one requiring firmness and common sense," said he. "The first problem in our currency and conglomerate financial system is the disposition to be made of our legal tender notes."

He urged that these notes should be funded \$50,000,000 at a time until they were eliminated from our fiscal system. Bonds at 3 per cent should be received as security of national bank notes on a basis of par for the bonds, the government to have a first lien on the assets of the bank. These notes should be redeemable in New York city and when issued in sufficient volume and being readily convertible, would furnish adequate elasticity to the currency. The tax on the circulation of national banks should at once be removed.

Baltimore Plan Not Safe.

As to the Baltimore plan, Mr. Williams said it would be safe in large cities, but it might start many mushroom banks merely with a view to issue notes, and the failure of such banks would cause loss to the whole system. Conservative and well managed institutions would absolutely refuse to join hands in meeting the losses sure to arise from these mushroom banks.

After finding the legal tender notes and giving a new national bank issue, Mr. Williams said the next step was to look after the silver certificates and Sherman notes. The latter were amply protected by the one hundred million in the treasury. As to the silver certificates, congress should pass a law redeeming them in silver bullion at its market value at the discretion of the secretary of the treasury, and it might be well to similarly redeem the Sherman notes. With these changes, our currency system would become absolutely sound and our banking system the most perfect ever devised.

During the absence of the members of the minority it was decided to report the Carlisle bill without amendment. Several members of the majority gave notice that they wished to amend the bill, but it was agreed not to do this in committee. It was decided to report the bill to the house and allow amendments to be offered to it when it comes up for consideration. No action was taken binding the majority to support the measure in the house or to support any amendment that may be offered.

QUESTION OF SILVER

GERMANY THINKS A CHANGE IN POLICY IS NECESSARY.

And a Silver Conference is Suggested in the Reichstag.

A Berlin cable dispatch says: In the reichstag Wednesday Herr von Kardoff, free conservative, declared that it was imperative that the present system of universal suffrage should be modified if there was any truth in the radical assertion that the level of the members of the reichstag had been lowered. He continued by saying that the deepest misery prevailed throughout the country, for which the only remedy was a silver currency. Germany, he said, would earn the gratitude of the world if she would call a silver conference in Berlin.

He warned Chancellor Hollnagel that the government must not attempt to interfere with the rights of the reichstag. The prosecution of members upon such charges as were made, he declared, was useless. The only efficacious remedy was popular government.

Herr Singer, socialist, who was appointed chairman of the committee of the reichstag to which was referred the question of presenting socialist members who refused last Thursday to rise to their feet and respond to the call for cheers for the kaiser, addressed the chamber. Herr Singer was himself the leader of the offenders. He declared there was no doubt in his mind that the reichstag would reject a proposal to prosecute the offending members.

Large Elevator Burned.

Elevator B, the largest elevator in Memphis, Tenn., burned to the ground Saturday morning. It was the property of the Empire Mill company. Loss, \$200,000; insurance, \$150,000. The origin of the fire is unknown.

English Court Etiquette.

Etiquette is the very life and blood of a court. It is observed even in the arrangement of seats. On each side of the small, low dais intended exclusively for royalty, are rows of chairs, which were definitely and clearly assigned, not by law, but by absolute, although unwritten, custom, to the different orders in the social scale who accept the queen's invitation. No one but those prescribed might occupy them. Thus, on one side are duchesses and marchionesses; on the other, ambassadors and ladies of the diplomatic corps.

Where It Goes.

Shipper Smart to High Market Jones—Why is it you haven't sent account of sales with check of that last shipment I made you?

High Market Jones—It's all owing to other shippers.

Incongruous.

"Bingley has furnished his house in Louis Quinze."

"Isn't it absurd? His morals are so distinctively Louis Quatorze."—*Cleveland Plain Dealer.*

DO YOU EXPECT To Become a Mother?
If so, then permit us to say that Dr. Pierce's Favorite Prescription is indeed, a "Mother's Friend," FOR IT MAKES Childbirth Easy by preparing the system for parturition, thus assisting Nature and shortening "Labor." The painful ordeal of childbirth is robbed of its terrors, and the dangers thereof greatly lessened, to both mother and child. The price of this medicine is also greatly shortened, the mother strengthened and built up, and an abundant secretion of nourishment for the child promoted.

Send to cents for a large book (162 pages), giving all particulars. Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION 663 Main St., Buffalo, N. Y.

PAINLESS CHILD BIRTH.

Mrs. Fred Hart, of Greenville, N. Y., says: "I read about Dr. Pierce's Favorite Prescription being so good for a woman with child, so I got two bottles. In September, and December 13th I had a twelve-month baby girl. When I was confined I was not sick in any way. I did not suffer at all, and when the child was born I walked into another room and went to bed. I kept your Extract of Smart Weed on hand all the time. It was very cold weather and our room was very cold but I did not take any cold, and never had any after-pain or any other pain. It was all due to God and Dr. Pierce's Favorite Prescription and Compound Extract of Smart Weed. This is the eighth living child and the largest of them all. I suffered everything that flesh could suffer with the other babies. I always had a doctor but he could not help me very much, but this time my mother and my husband were alone with me. My baby was only seven days old when I got up and dressed and left my room and stayed up all day."

CARRIAGES

Buggies & Harness.
The best quality, made and repaired by the Alliance Carriage Co., Cincinnati, O. We have a large stock of all styles of buggies, harnesses, and other carriage accessories. Our work is guaranteed to be of the highest quality and at the lowest prices.

McELREES WINE OF CARDUI.

For Female Diseases.
SULLIVAN & CRICHTON'S Business College.
The Best of the Best. For all kinds of business, we offer the most complete and practical instruction. Our courses are designed to fit you for any position in the business world. We have a large number of graduates who are now successful in their careers.

HELPFUL HOUSEHOLD HINT.

Some housekeepers serve lemon with mutton, but most people prefer a combination of tart and sweet, as in mint sauce or fruit jellies.

According to the *Medical Record*, castor oil has not failed in any case to remove warts to which it was applied once a day for two to six weeks.

Half the battle in washing dishes is in keeping the dishcloths and towels clean. Washing out once a week in ammonia water should never be neglected.

A piece of chamois skin bound on the edges, shaped to fit the heel and kept in place by a piece of elastic rubber worn over the stocking, will save much mending.

Never allow meat to be placed directly on the ice, as water dries out the juices; it is even worse to lay it there wrapped in paper. It should always be laid in a clean porcelain vessel.

A use for common salt recently given is to rub it into the roots of the hair to remove dandruff. Rub it lightly in the morning, and using a great quantity, in the evening, is all gone, only leaving a slight dampness.

A nice way to keep wax for the work basket is to fill half shells of English walnuts with melted wax, fastening the two half shells closely together at one end. There will then be a small space at the other end, through which the thread will slip when the wax is being used.

A Practical Suggestion.

"What we want to do," exclaimed the long-haired orator, "is to widen the sphere of woman's work."
"Then give us bigger kitchens," spoke up a sharp-featured woman in the audience.—*Chicago Tribune.*

KENNEDY'S MEDICAL DISCOVERY, CHRONIC RHEUMATISM.

DEAR SIR, MR. KENNEDY:—In '64 I began taking your Discovery for Chronic Rheumatism; suffering so much pain till I used to call some one to sit on my limbs to deaden the pain. I had doctors for six years. No use. I then began with your Medical Discovery. The first bottle went to every joint and gave me pain. My husband said, "Keep on, till you see it spring the joints." So two and one-half bottles cured me so that I was able to walk two miles. Had not done it for six or seven years. I have kept it in the house ever since. I opened the 22d bottle today, for I take it instead of doctoring. I have never had a doctor since I have taken your Discovery. I am a widow 74 years of age, and a well woman.

Yours truly, MRS. ELIZABETH HILLS.

MONROE, IOWA, Nov. 25, 1894.

SCROFULA.
LLOYD, TEXAS, Oct. 5th, 1894.
DONALD KENNEDY, ROXBURY, MASS, KIND FRIEND:—I will now give you the particulars about my little girl. She was five years old the 2nd of last May. When she was less than a year old a kernel came under her right jaw on her neck. I asked the best doctor what to do, and he told me to grease it with old bacon grease, and it might rise and run which it did, and I tried everything, but it kept running for nearly two years. I came to Texas, and was at Aubrey, Texas, where I saw the present postmaster at Aubrey. I noticed his face had a bad scar, and I asked him the cause and how he got it cured. He said Scrofula was the cause and Kennedy's Medical Discovery cured it and if I would get some for my little girl it would surely cure her. I got one bottle and she was soon better. I picked white lumps out of her neck as big as peas, and almost as hard as a bone, and after being mashed up they looked like burnt bones crumbled up. In less than a week the swelling was gone, and had quit running. She is still taking it, but apparently she is as well as ever, and as gay as any child.

Yours truly, S. L. JACKSON.

CATARRH.
CHICAGO, Oct. 15, 1894.
DONALD KENNEDY, DEAR SIR:—I know the worth of your Discovery, for three years ago, before I was married, I had the Catarrh in my head and throat very bad, and my mother, who always gave it to all of us, made me take three bottles, for which I am thankful to God, for it cured me and many others that we have recommended it to.

MRS. ELLEN SEELYE, 217 39th St., Chicago.

FOR MOTHERS.
ELMIRA, N. Y., Oct. 25, 1894.
DR. KENNEDY, DEAR SIR:—I have taken your Medical Discovery all through my Pregnancy, and our boy, now three months old is, and has been, in perfect health, while we have three other children, all of whom had eczema and sore mouths. Our attending physician speaks very highly of your Discovery.

Yours sincerely, MRS. G. W. HAMMOND.

DROPSY.
HAUGHVILLE, IND., Nov. 21, 1894.
DONALD KENNEDY, DEAR SIR:—Your Medical Discovery has made a wonderful cure in a case of Dropsy of my neighbor, after four or five good doctors told him he could not get well. But your Discovery fixed him all right.

Yours truly, SAMUEL NUGENT.

MALARIA.
ST. XAVIER, MONT., Nov. 12, 1894.
DR. KENNEDY, DEAR SIR:—I must inform you of the good effects of your famous Medical Discovery. One lady who was much afflicted with a constant Malarial Trouble declared herself relieved in a few days, and was entirely cured in a few weeks, and this is only one of many.

Yours gratefully, SISTER M. MAGDALEN.

KIDNEY TROUBLE.
NEW YORK CITY, May 9th, 1894.
DONALD KENNEDY, DEAR SIR:—In using your Medical Discovery I find it good for the general system and especially for the Kidney Trouble. And the reason I can speak for it is this: After coming from South America, in 1880, I was troubled with my back, which the doctors claimed was Kidney Disease. After using many different medicines—and I might just as well have drunk cold tea—I bought two bottles of Kennedy's Medical Discovery, and took it according to directions as given in your book, and my kidneys have not troubled me since.

Yours with thanks, CHAS. W. ALLEN, 26 East Fourth Street.

PRICE, \$1.50 PER BOTTLE, LASTING IN REGULAR DOSES, ONE MONTH. SOLD EVERYWHERE AT LOCAL STORES AND BY EVERY WHOLESALE DRUGGIST IN THE U. S. MANUFACTURED BY DONALD KENNEDY, ROXBURY, MASS. SEND POSTAL CARD FOR BOOK.

Not a Radical Change.

Mrs. Rattle—How time changes things, to be sure! Who'd ever thought to see Mrs. Lowleigh "in the swim?"
Mrs. Tattle—Who, indeed!
Mrs. R.—How strange it must seem to her?
Mrs. T.—Why strange? Hasn't she been a washwoman the biggest part of her life?—*Chicago Record.*

He Agreed With Him.
"I don't never read them lyn' newspapers," said Farmer Bighed to a solicitor for his shipments.
"That's right, that's right," replied the slick solicitor.

And on the strength of the slight acquaintance thus formed, the knowledge all former gave him consignments. The farmer now sings the old song: "He's gone but not forgotten."—*Ec.*

A Hay Rake Would Do.
"I want to give Brother Tom some little gift before he leaves for college. What would you get?"
Florence—"I saw some lovely hair brushes with silver monogram, and—"
"You silly girl! don't you know he belongs to the football team?"—*Chicago Inter Ocean.*

A Cure that Cures.
It is the kind most people desire. Such a cure is Ripans Tablets, but not a cure for everything. They are for all liver and stomach disorders and one tablet gives relief.

Be on Guard against imitations of *Pearline*. When they are not dangerous, they are worthless. They are usually both. *Pearline* does what nothing else can. It saves labor in washing, and insures safety to what is washed. It is cheap, thorough and reliable. Nothing else will "do as well;" it is just as well to have nothing else.

Beware
Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as *Pearline*." IT'S FALSE—*Pearline* is never peddled, and if your grocer sends you something in place of *Pearline*, do the honest thing—send it back. 25 JAMES PYLLE, New York.

Better Crops
result from use of fertilizers rich in potash. Most fertilizers sold do not contain **Sufficient Potash** to insure the best results. The results of the latest investigations of the use and abuse of potash are told in our books. They are sent free. It will cost you nothing to read them, and they will save you dollars.

GERMAN ROLL WORKS, 93 Nassau Street, New York.

KNOWLEDGE
Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adopting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative, effectually cleansing the system, dissolving colds, curing constipation, and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50¢ and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
